Dodge Coin

- A game where the user controls doge and must avoid randomly bouncing coins(2D top down view).
- Has a timer that counts down the time to survive.
- Coins increase speed and amount as timer counts down.

Dodge Coin Creation Process

Speed Tap

- A game where you have to tap the item on screen as fast as you can.
- Users must wait for the green light to tap the given item.
- The user's time will be displayed in milliseconds.
- A leaderboard system will display high scores with times to beat.

Speed Tap Creation Process
